The arts of music and dancing being so closely allied, it seemed most ing so closely allied, it seemed most fitting to see the interpretive dances given by Miss Donna Maria George as part of an evening of music.

The dancing of Miss George was a joy to watch. Graceful in the extreme, she possesses also a rare versatility, making great distinction between her types of dancing. In her first dances she portrayed so well the joyous Grecian maiden, with fillet-bound hair and floating airy draperies and her

Quite different were her Spanish dances with her gay, shimmering, red skirts and rattling castanets. Her Oriental dance was one of undulating grace and languor, hinting at the mystery of The Clearfield (Pa.) Gazette men-tions Pierre Theve of that place for his cool nerve. IF YOUR EARS RING WITH HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. Lee & Osgood Co. can supply you.
